Lived in Trenton Six Years,

Kirkham & Beans clearly recall Star witness in Murder Case.

Mrs. Jane Gibson the "Pig Woman" in the Hall- Mills Murder case investigation lived here for six years in Trenton before removing to her farm near New Brunswick. County Adjuster Fred C. Beans has a letter from Mrs Gibson who was known here as Mrs Mary Easton, wife of William H. Easton, relative to the care of her daughter, Alice Easton, at the Glen Gardner Tuberculosis.

In it the woman says she lived here from may 1909 to Sept 1915. Her dwelling at that time was 286 Hamilton Ave. and later 338 S. Broad St., where she and her husband conducted a second hand furniture store. At one time her husband was employed in the old Trenton Watch Factory. Prior to living in Trenton the Easton family lived in Bayonne.

County Detective Kirkham remembered the Eastons during the period of there South Broad St residence. Her son was before the juvenile court at the time and on another occasion Det. Kirkham says he interviewed the woman relative to a Badger game Operated in rooms over her store.
